EXAM PREP FLASHCARDS

Introduction to Healthcare Flashcards Study Cards

100 double-sided flashcards covering healthcare industry fundamentals — 10 topic areas: Healthcare Industry Basics, Body Systems & Anatomy Basics, Medical Terminology Basics, Continuum of Care & Care Settings, Insurance & Reimbursement Basics, Healthcare Roles & Professionals, Patient Privacy & HIPAA Basics, Health Records & EHR Basics, Common Healthcare Acronyms, Patient Safety & Quality Basics.

How to print & use

1. Print **double-sided**, flip on the **long edge**. Test one sheet first — the answer should back its question.
2. Each card is numbered (**#1 Q** / **#1 A**) so you can match fronts to backs.
3. Cut along the dashed lines. Quiz yourself, then flip to check.
4. Prefer single-sided? Print only the odd (question) pages, or fold each sheet.

GetMedGuide.com

For practice and self-study only. Not exam questions, exam dumps, or a substitute for an accredited training program.

What are the two broad settings healthcare is delivered in?

GetMedGuide.com

What does “ambulatory care” mean?

GetMedGuide.com

What is a payer, in healthcare terms?

GetMedGuide.com

What is a provider, in healthcare terms?

GetMedGuide.com

What federal agency oversees Medicare and Medicaid?

GetMedGuide.com

What does “revenue cycle” refer to?

GetMedGuide.com

What is a claim, in medical billing?

GetMedGuide.com

What is an EOB?

GetMedGuide.com

Care provided without an overnight hospital stay.

GetMedGuide.com

Outpatient (ambulatory) and inpatient (facility-based) settings.

GetMedGuide.com

A person or organization that delivers medical care, such as a physician, clinic, or hospital.

GetMedGuide.com

An organization that reimburses providers for healthcare services, such as an insurer or government program.

GetMedGuide.com

The full process of capturing, billing, and collecting payment for healthcare services.

GetMedGuide.com

The Centers for Medicare & Medicaid Services (CMS).

GetMedGuide.com

An Explanation of Benefits — a statement showing what a payer paid, adjusted, or denied on a claim.

GetMedGuide.com

A formal request submitted to a payer for reimbursement of services provided.

GetMedGuide.com

What is a deductible?

GetMedGuide.com

What is a copay?

GetMedGuide.com

What is the medical term for the study of body structure?

GetMedGuide.com

What is the medical term for how the body functions?

GetMedGuide.com

What body system includes the heart and blood vessels?

GetMedGuide.com

What body system includes the lungs and airways?

GetMedGuide.com

What body system includes bones and joints?

GetMedGuide.com

What body system includes the muscles that move the body?

GetMedGuide.com

A fixed amount a patient pays for a covered service at the time of care.

GetMedGuide.com

The amount a patient must pay out of pocket before insurance coverage begins paying.

GetMedGuide.com

Physiology.

GetMedGuide.com

Anatomy.

GetMedGuide.com

The respiratory system.

GetMedGuide.com

The cardiovascular system.

GetMedGuide.com

The muscular system.

GetMedGuide.com

The skeletal system.

GetMedGuide.com

What body system regulates hormones?

GetMedGuide.com

What body system filters waste from the blood into urine?

GetMedGuide.com

What body system includes the brain, spinal cord, and nerves?

GetMedGuide.com

What body system breaks down food for absorption?

GetMedGuide.com

In medical terms, what does the prefix “cardio-” refer to?

GetMedGuide.com

What does the suffix “-itis” mean?

GetMedGuide.com

What does the suffix “-ectomy” mean?

GetMedGuide.com

What does the suffix “-otomy” mean?

GetMedGuide.com

The urinary (renal) system.

GetMedGuide.com

The endocrine system.

GetMedGuide.com

The digestive (gastrointestinal) system.

GetMedGuide.com

The nervous system.

GetMedGuide.com

Inflammation.

GetMedGuide.com

The heart.

GetMedGuide.com

A surgical incision, or cutting into.

GetMedGuide.com

Surgical removal.

GetMedGuide.com

What does the prefix “hyper-” mean?

GetMedGuide.com

What does the prefix “hypo-” mean?

GetMedGuide.com

What does the suffix “-ology” mean?

GetMedGuide.com

What does the prefix “brady-” mean?

GetMedGuide.com

What does the prefix “tachy-” mean?

GetMedGuide.com

What does the suffix “-pathy” mean?

GetMedGuide.com

What is primary care?

GetMedGuide.com

What is specialty care?

GetMedGuide.com

Below normal, or deficient.

GetMedGuide.com

Above normal, or excessive.

GetMedGuide.com

Slow.

GetMedGuide.com

The study of something.

GetMedGuide.com

Disease or disorder.

GetMedGuide.com

Fast.

GetMedGuide.com

Care from a physician focused on a specific body system or condition, usually by referral.

GetMedGuide.com

Routine, first-contact medical care, usually from a family physician or general practitioner.

GetMedGuide.com

What is acute care?

GetMedGuide.com

What is post-acute care?

GetMedGuide.com

What is long-term care?

GetMedGuide.com

What is hospice care?

GetMedGuide.com

What is telehealth?

GetMedGuide.com

What is an urgent care center?

GetMedGuide.com

What is a skilled nursing facility?

GetMedGuide.com

What is preventive care?

GetMedGuide.com

Follow-up care after a hospital stay, such as rehabilitation or skilled nursing.

GetMedGuide.com

Short-term treatment for a severe illness, injury, or urgent condition.

GetMedGuide.com

Comfort-focused care for patients with a terminal illness, rather than curative treatment.

GetMedGuide.com

Ongoing support for people with chronic conditions or disabilities, often over months or years.

GetMedGuide.com

A walk-in clinic for conditions that need prompt attention but aren't life-threatening emergencies.

GetMedGuide.com

Delivering healthcare services remotely, using phone or video technology.

GetMedGuide.com

Services aimed at preventing illness, such as screenings, vaccines, and wellness visits.

GetMedGuide.com

A facility providing short-term rehabilitative or long-term nursing care.

GetMedGuide.com

What does HMO stand for?

GetMedGuide.com

What does PPO stand for?

GetMedGuide.com

What's the main difference between an HMO and a PPO?

GetMedGuide.com

What is Medicare?

GetMedGuide.com

What is Medicaid?

GetMedGuide.com

What is a premium?

GetMedGuide.com

What is coinsurance?

GetMedGuide.com

What is prior authorization?

GetMedGuide.com

Preferred Provider Organization.

GetMedGuide.com

Health Maintenance Organization.

GetMedGuide.com

A federal health insurance program mainly for people 65 and older and some people with disabilities.

GetMedGuide.com

HMOs generally require a primary care referral and in-network care; PPOs offer more flexibility to see out-of-network providers at a higher cost.

GetMedGuide.com

The amount paid, often monthly, to maintain insurance coverage.

GetMedGuide.com

A joint federal and state program providing coverage for lower-income individuals and families.

GetMedGuide.com

A payer's approval required before certain services or medications are covered.

GetMedGuide.com

The percentage of a covered service's cost a patient pays after meeting the deductible.

GetMedGuide.com

What is an out-of-pocket maximum?

GetMedGuide.com

What does “in-network” mean?

GetMedGuide.com

What does RN stand for?

GetMedGuide.com

What does NP stand for?

GetMedGuide.com

What does PA stand for, in a clinical role?

GetMedGuide.com

What is a PCP?

GetMedGuide.com

What does a medical coder do?

GetMedGuide.com

What does a medical biller do?

GetMedGuide.com

A provider who has a contract with a patient's insurance plan, usually at a negotiated rate.

GetMedGuide.com

The most a patient will pay for covered services in a plan year, after which the plan pays 100%.

GetMedGuide.com

Nurse Practitioner.

GetMedGuide.com

Registered Nurse.

GetMedGuide.com

A Primary Care Provider — a patient's main point of contact for routine healthcare.

GetMedGuide.com

Physician Assistant.

GetMedGuide.com

Prepares and submits claims to payers and follows up on reimbursement.

GetMedGuide.com

Translates clinical documentation into standardized codes used for billing and records.

GetMedGuide.com

What does a health information manager do?

GetMedGuide.com

What does a case manager typically do?

GetMedGuide.com

What is a medical assistant?

GetMedGuide.com

What does the RHIT credential stand for?

GetMedGuide.com

What does HIPAA stand for?

GetMedGuide.com

What is PHI?

GetMedGuide.com

What is the “minimum necessary” standard under HIPAA?

GetMedGuide.com

What is a Notice of Privacy Practices?

GetMedGuide.com

Coordinates a patient's care across providers and services, especially for complex or chronic conditions.

GetMedGuide.com

Oversees the accuracy, privacy, and security of patient health records.

GetMedGuide.com

Registered Health Information Technician.

GetMedGuide.com

A healthcare worker who supports clinical and administrative tasks in outpatient settings.

GetMedGuide.com

Protected Health Information — individually identifiable health information covered by HIPAA.

GetMedGuide.com

The Health Insurance Portability and Accountability Act.

GetMedGuide.com

A document explaining how a covered entity may use and share a patient's health information.

GetMedGuide.com

Using or sharing only the minimum PHI needed to accomplish a task.

GetMedGuide.com

What is a covered entity under HIPAA?

GetMedGuide.com

What is a business associate under HIPAA?

GetMedGuide.com

What is ROI, in a health information context?

GetMedGuide.com

What right does HIPAA give patients regarding their own records?

GetMedGuide.com

What is a HIPAA breach?

GetMedGuide.com

Does HIPAA apply to paper records as well as electronic ones?

GetMedGuide.com

What does EHR stand for?

GetMedGuide.com

What does EMR stand for?

GetMedGuide.com

A vendor or contractor that handles PHI on behalf of a covered entity.

GetMedGuide.com

A health plan, healthcare clearinghouse, or healthcare provider that transmits health information electronically.

GetMedGuide.com

The right to access and request copies of their own health information.

GetMedGuide.com

Release of Information — the process of legally disclosing a patient's records.

GetMedGuide.com

Yes — HIPAA protects PHI regardless of the format it's stored in.

GetMedGuide.com

An impermissible use or disclosure of PHI that compromises its privacy or security.

GetMedGuide.com

Electronic Medical Record.

GetMedGuide.com

Electronic Health Record.

GetMedGuide.com

What's a key difference often drawn between EMR and EHR?

GetMedGuide.com

What is interoperability, in a health IT context?

GetMedGuide.com

What is a patient portal?

GetMedGuide.com

What is clinical documentation?

GetMedGuide.com

Why is accurate documentation important for coding?

GetMedGuide.com

What is an audit trail in an EHR?

GetMedGuide.com

What is HL7?

GetMedGuide.com

What was “meaningful use,” historically speaking?

GetMedGuide.com

The ability of different health information systems to exchange and use data.

GetMedGuide.com

An EMR is typically one provider's digital chart; an EHR is designed to be shared across providers and settings.

GetMedGuide.com

The written or electronic record of a patient's care, findings, and treatment.

GetMedGuide.com

An online tool that lets patients view their records, message providers, and manage appointments.

GetMedGuide.com

A log recording who accessed or changed a patient's record, and when.

GetMedGuide.com

Codes are assigned based on what's documented — undocumented care generally can't be coded or billed.

GetMedGuide.com

A federal incentive program that encouraged providers to adopt and effectively use EHR technology.

GetMedGuide.com

A set of standards for exchanging electronic health information between systems.

GetMedGuide.com

What does CMS stand for?

GetMedGuide.com

What does HHS stand for?

GetMedGuide.com

What does CDC stand for?

GetMedGuide.com

What does FDA stand for?

GetMedGuide.com

What does ICD stand for?

GetMedGuide.com

What does CPT stand for?

GetMedGuide.com

What does HCPCS stand for?

GetMedGuide.com

What does NPI stand for?

GetMedGuide.com

The U.S. Department of Health and Human Services.

GetMedGuide.com

Centers for Medicare & Medicaid Services.

GetMedGuide.com

Food and Drug Administration.

GetMedGuide.com

Centers for Disease Control and Prevention.

GetMedGuide.com

Current Procedural Terminology.

GetMedGuide.com

International Classification of Diseases.

GetMedGuide.com

National Provider Identifier.

GetMedGuide.com

Healthcare Common Procedure Coding System.

GetMedGuide.com

What does ACA stand for?

GetMedGuide.com

What does DME stand for?

GetMedGuide.com

What is a “never event” in patient safety?

GetMedGuide.com

What is informed consent?

GetMedGuide.com

What is a sentinel event?

GetMedGuide.com

What does “patient-centered care” mean?

GetMedGuide.com

What is a quality measure, in healthcare?

GetMedGuide.com

What is a readmission rate?

GetMedGuide.com

Durable Medical Equipment.

GetMedGuide.com

The Affordable Care Act.

GetMedGuide.com

A patient's agreement to a treatment after being told its risks, benefits, and alternatives.

GetMedGuide.com

A serious, largely preventable medical error that should never occur, such as wrong-site surgery.

GetMedGuide.com

Care organized around a patient's individual needs, preferences, and values.

GetMedGuide.com

An unexpected occurrence involving death or serious harm that signals a need for immediate investigation.

GetMedGuide.com

The percentage of patients who return to the hospital within a set time after discharge.

GetMedGuide.com

A standardized tool for assessing how well care is delivered against a benchmark.

GetMedGuide.com

What does HAI stand for?

GetMedGuide.com

What is The Joint Commission?

GetMedGuide.com

What is a patient safety culture?

GetMedGuide.com

What does “evidence-based practice” mean?

GetMedGuide.com

An organization that accredits and certifies healthcare organizations in the U.S.

GetMedGuide.com

Healthcare-Associated Infection — an infection acquired during care in a healthcare setting.

GetMedGuide.com

Making care decisions based on the best available research combined with clinical expertise.

GetMedGuide.com

An organizational environment that prioritizes identifying and reducing risks to patients.

GetMedGuide.com
